

Environmental Notice

It is the intention of the FOURIE FAMILIE TRUST / JACARANDA BOERDERY to make application to the North West Department of Economic Development, Environment, Conservation and Tourism [NW-DEDECT] for an Environmental Authorisation [EA] for the expansion of their existing poultry operation by (i) adding five [5] additional environmentally controlled chicken houses, each with a carrying capacity 70 000 chickens to the existing infrastructure, and (ii) the removal two [2] of the existing old style chicken houses from the farm. [Total chickens on site: 430 000] These houses will be utilised for the rearing of broiler chickens for the fresh meat market.

Each chicken house will be around 135.6m x 20.4m x 3.2m in size, complete with feeder silos; water storage tanks; slow combustion heating facilities and a computer system that will control heat; humidity; airflow; oxygen levels; water flow; feeding times and rest/sleep cycles. The entire operation will be contained within one bio-security fenced area.

This development will be constructed on the farm Ptn 313 Hartbeesthoek 419 JQ with a total development footprint area of around 4 Ha in size

The **DRAFT BASIC ASSESSMENT REPORT [DBAR]** will be placed in the Brits Public Library [51 Van Velden St, Brits] as from 20 February 2026 for public viewing.

All Interested & Affected Parties [I&APs] are invited to register; pose questions; raise issues and make representation to the Environmental Assessment Practitioner [EAP] within the 30 days of publication of this notification [13 February 2026] at:
